Getting Your Move On • Keeping Your Car Organized • Grades of Green • & More!

## Behind the Scenes at Org & Relo - Meet Steve Mathay

I moved out to Colorado about 20 years ago with the idea that I'd be a ski patroller. I had grown up in California, and much of my youth was spent waterskiing and wakeboarding on Folsom Lake and snow skiing in Tahoe. Anything to do with boards on my feet was a huge passion--I still ski at least 30 days every year--and this seemed like the right place to live the dream. [Read More](#)

### How Do I Choose A Good Moving Company?

Imagine this: you're standing on your front steps with every single thing you own locked up tight in the moving truck parked outside. The mover walks up to you, says there are extra charges for this, this, and that and, until you pay what he asks, he won't relinquish your stuff. Or, even worse, the final box gets put on the truck, it drives off into the sunset, and that's the last you ever see of your worldly possessions.

### 3 Quick Tips: Keeping your Car Organized

1. **Containers** - Sometimes toys can take control of the interior of your

that is hand crafted on site and served fresh daily. expanding on the normal parameters of milk, cream and sugar is what propels our recipe book to be the finest.

### Getting Your Move On:

#### Purging, Preparing, and Packing

Moving is high up on our stress lists, isn't it? And it's an inescapable part of life: Americans move an average of 11.7 times during their lifetimes. Just thinking about a move is overwhelming: there's so much to do, and where to begin? [Read More](#)

### Non-Profit Highlight:

#### Grades of Green

Kim Lewand Martin is a good friend of Sheryl's and is one of the founders of Grades of Green based in Manhattan Beach, California. As Director of Communications, Kim oversees partnerships, Board relations (including Board of Directors, Board of Advisors, and Youth Corps), marketing, and legal issues.

Grades of Green started as a parent-run

- car. Keep items contained in [organizers](#) that hang from the back of the seat for quick access. Let each child label their own with their name and stickers that reflect their personality.
2. **Trash Can** - Keep a travel-sized trash bag in your car so the entire family has a place to easily deposit wrappers, napkins and other trash items. A small reusable grocery bag works great and doesn't take up much room. Each time you stop to fill up with gas, simply empty the can of trash in the station's receptacles.
  3. **Emergency Kit** - Keep an [emergency kit](#) ready to go in the trunk of the car. Make sure the items are in a bag or container for easy use and to keep items from straying throughout the car over time.

---

### Stats You Need To Know!

"Crisis" purchases related to disorganization could cost as much as 15 to 20 percent of your annual budget - buying duplicates of misplaced or broken items, last-minute shopping at premium prices, and unnecessary interest, rush, and finance charges on late payments.

volunteer program that was hands-on and focused on being a support team for the broader school community. The program is so successful as it not only inspired children to make a difference, but it also resulted in significant savings for the school. It engaged parents and raised interests among the community to continue rolling out this program in other schools.

Since then, Grades of Green has become a non-profit organization, partnered with a local waste hauler and aligned its efforts with the City Council and School Boards to expand the program. The success of the program has led us to receive numerous awards and be nationally spotlighted in magazines and television programs such, as "Curiosity Quest Goes Green" on PBS.
