

TURN DOWN YOUR THERMOSTAT

Fight the urge to turn on your heater and save money at the same time! Instead of running to the thermostat, try grabbing a sweater and adding a blanket on the beds. Set your thermostat to 68 throughout the cool months and 78 in the warmer months. You could save about 2000.bs of CO2 with this simple adjustment!

Take a STEP AND PULL OUT THE SWEATERS AND BLANKETS. YOUR POCKET BOOK WILL BE GLAD YOU DID!
